5 February 2011  
10.30am -4.30pm  
Conway Hall  
Red Lion Square  
WC1R 4RL

Building our  
campaign in the  
workplace and  
the community

Discussion / Debate / Action

Our economy is under dire threat of recession. Con-Dem cuts will lead to widespread job losses and threaten the closure of vital services

- VAT up
- Fares up
- Tuition Fees increased
- EMA scrapped
- Disability Allowances and housing benefits attacked
- Wages frozen or cut
- Welfare State threatened with destruction
- Health Service reorganised and privatised

Unite says there is an alternative.

Come and join us to build the campaign for an alternative and say no to unfair and unnecessary spending cuts which are damaging services and communities across the country

Speakers: Len McCluskey, Unite General Secretary, Ken Livingstone, and more to be announced

The day will address key questions:

- How do we build a winning movement to stop this government?
- How do we support workers forced to take industrial action to defend jobs and services?
- How can we get tens of thousands of Unite members on the TUC demonstration on 26 March?

Workshops on:

- The Economic Arguments
- The nuts and bolts of building a campaign
- Using social networking media to campaign
- Differential impact of the cuts
- Health Service – privatisation and cuts

This conference is for any activist or member who wants to get involved in the campaign from any sector of the union.

Lunch Provided / Travel Expenses will be paid from outside London
